MEMORANDUM FOR THE COMMISSIONERS

From: The Executive Director
Subject: Resolution Adopting and Endorsing the PhP20M NSWMC Initial Operating Budget and Work and Financial Plan
Date: 13 JAN 2009

Background:
The enactment of Republic Act 9003 institutionalized the creation of the National Solid Waste Management Commission, an inter-agency body that is mandated to oversee the implementation of the solid waste management plans and prescribe policies to achieve the objectives of the Act.

Pursuant to Section 58 of the Act, there shall be an initial appropriation for the initial operating expenses of the Commission amounting to Twenty million pesos (Php 20,000,000.00) from the organizational adjustment fund of the Office of the President.

Currently, the fund release for the NSWMC is limited to the operational budget of the NSWMC/Secretariat, which is being carried over under the toxic and hazardous budget item of the Environmental Management Bureau. The initial operating budget has not yet been released by the Department of Budget and Management to the Commission despite repeated submission of request for the budget allocation;

In the previous meeting of the NSWMC, there was an agreement among the members to pursue the release of the allotted budget for the effective supervision and sustainable operation of the work program of the NSWMC;

In support to the request for the release of the initial operating budget of the NSWMC, the NSWMC prepared a work program in 2009 that would support the local government units (LGUs) to institute programs that would facilitate compliance to the RA 9003.

Action Requested:
The undersigned hereby requests the Board of Commissioners to adopt and approve the Resolution approving and endorsing the work and financial plan amounting to PhP 20,000,000.00 to the Department of Budget and Management for approval and appropriation of the budget therein and for its inclusion as a line budget item in the succeeding GAAs.
